**Catherine M Bryant Veteran's History Project**

Catherine M. Bryant

The Catherine M Bryant Veteran's History Project, sponsored by the Ellen Payne Odom Genealogy Library was developed to honor all military personnel –past and present, who served during war and peace. A photo and military records (discharges, diaries, citations, awards, etc.) will be greatly appreciated. Information about the veteran's family (parents, spouse, children, etc.) is also of interest. All information and pictures will become a part of the permanent records maintained in the Odom Library. This is an on-going, volunteer project and is an important part of our heritage. Donations and/or memorial gifts are appreciated.
